Creating Project:

Adding Stories:

The screenshot shows a Jira story form for the story ID #184362214. The story title is "Create sample UI of home page in Figma". The story type is "Feature", and the state is "Start". The points are "Unestimated". The requester is "ayushsingh22". The owners are "ayushsingh22". The story is updated 29 minutes ago. The description field is active, showing the text "Understand the flow and create sample UI of home page in the Canva and Figma". The form includes sections for BLOCKERS, LABELS, CODE, TASKS (0/0), and ACTIVITY.

Adding Icebox:

The screenshot shows a Jira story form for the story ID #184360608. The story title is "Requirement Gathering : Functional & Non-Functional Requirements". The story type is "Feature", and the state is "Unscheduled". The points are "Unestimated". The requester is "ayushsingh22". The owners are "<none>". The story is updated 3 minutes ago. The description field is active, showing the text "Discussing on Functional and Non Functional Requirements, or task distribution". The form includes sections for BLOCKERS, LABELS, CODE, TASKS (0/0), and ACTIVITY.
